

Modular Healthcare Solutions

Our exclusive shelf system features full width labels and adjustability in 1" vertical increments. Shelves slide out for easy repositioning and a locking Plexiglas door is a security option.

Datamation's Examination Room Solutions are an economical alternative to millwork. Modules can be sized to provide a wall-to-wall fit, and detailed to meet individual project requirements.

All Datamation Modular Healthcare Solutions feature:

- Architect controlled design and material options
- Sizes to meet specific project requirements
- Precision factory craftsmanship
- Modularity for easy reconfiguration or future add-ons
- 7 year depreciation life vs. 31 years for millwork
- Limited lifetime warranty
- Quick on-site installation
- Availability in a wide range of standard or customer specified colors and finishes

Examination Rooms

Datamation's Exam Room furniture is a modular alternative to traditional millwork. Economically priced, it provides superior fit and finish details, including impact absorbing PVC edging. And our Plexiglas door organizing module with adjustable shelves is the ideal solution for securely storing and monitoring small items.

Our computer controlled factory manufacturing ensures precise fit and finish all components and modular construction minimizes on-site time and activity to provide a clean non-disruptive installation.
