

Modular Healthcare Solutions

Desktop organizing modules can be sized for shelf files, charts, binders or other reference needs. Located under the transaction top, organizing modules keep confidential information secure and within easy reach.

Our modular construction incorporates easily accessible cable management paths and the ability to troubleshoot, reconfigure or add components for specific technology requirements.

All Datamation Modular Healthcare Solutions feature:

- Architect controlled design and material options
- Sizes to meet specific project requirements
- Precision factory craftsmanship
- Modularity for easy reconfiguration or future add-ons
- 7 year depreciation life vs. 31 years for millwork
- Limited lifetime warranty
- Quick on-site installation
- Availability in a wide range of standard or customer specified colors and finishes

Nurses Station: Organizing Components

The need to stay current with technological change is ongoing and easy access to cabling can provide significant savings over time for both troubleshooting and upgrading hardware. Our cable management is integral to the design of our core modules and is built-in, not clipped on as an afterthought.

A variety of desktop organizing modules can be sized to accommodate specific file, chart and reference binder sizes. Modules are easily replaced should storage requirements change.
