

Four section wide sort module with transparent back on platform base

Two section wide sort module on platform base

Five section wide sort module with open back and transparent doors

Sort modules are available in standard heights up to 48" with closed, transparent or open backs and options such as platform bases and clear doors for security. Sort modules lock into consoles or can be wall mounted. Shelves are available in four different sizes, are fully adjustable on 1" increments and available in our standard color range or transparent. Shelf labels are the full shelf width and can be color coded. See our specifications guide for more details and standard sizes, or we can provide sort modules to meet your specific needs.
